Business Development Trainee

(Erasmus+ traineeship in Business & Marketing)

Location: Senec, Slovakia
Start: July/August 2018
Duration: 5 months minimum
Working language: English

This internship is a part of the Placement Slovakia program. All applying candidates have to be confirmed to receive an Erasmus+ learning agreement by their education institution covering the whole internship period.

Company profile:

This internship would be for a consulting company providing competitive and market intelligence in Central and Eastern Europe. The company joined forces and networks with 3 other experienced partners from the same industry but located outside CEE, and established Strategic Decision Support (SDS). Thus, SDS can now provide market and competitive intelligence solutions around the work. In order for SDS to grow, we now seek a commercial support - an internship trainee who can help us develop our business with big corporations around the world.

Position description:

After some introductory training and some follow-up consultations with Partners, the primary role of the Business Development Trainee will be to prospect for new clients by networking, cold calling, direct mailing or other means of generating interest from potential clients. They must then plan persuasive approaches and pitches that will convince potential clients to do business with the company. Strategic planning is also an important part of this job, since it will be the business manager's responsibility to develop the pipeline of new business coming into the company. This requires a thorough knowledge of the market, the solutions/services the company can provide, and of the company's competitors.

Qualifications:

- a bachelor's degree holder
- sales or marketing knowledge and experience is of advantage
- excellent command of English language is a must, good knowledge of other world languages is an advantage
- interest or previous experience with market or competitive intelligence is welcome
- trainee should be prepared to do marketing and sales activities, be open minded, determined, communicative and creative
- company prefers trainees with serious interest as they are searching for a potential employee/partner, who could continue to work for them on a long-term basis

Knowledge and skills the trainee can learn during the internship:

Trainee will get professional experiences in business, marketing and strategic planning. Potential full-time job offer.

Benefits:

- Free accommodation provided;
- Training, constant support & consultations with SDS Partners. Fully equipped workstation in the office in Senec, Slovakia. other benefits upon agreement.
- Standard support by our team. For more information check our website www.placementslovakia.com

Interested candidates please apply by submitting an online application form at placementslovakia.com

We look forward to hearing from you!

Logistics and Spare parts management trainee (Erasmus+ traineeship in Logistics)

Location: Bratislava
Start: July/August 2018
Duration: 5 months minimum
Working language: English

This internship is a part of the Placement Slovakia program. All applying candidates have to be confirmed to receive an Erasmus+ learning agreement by their education institution covering the whole internship period.

Company profile:

This internship would be for a global technology company, a leader in genuine innovation, dreaming up – and building – the technology and services that enable and inspire progress around the world. This company is an Affirmative Action – Equal Opportunity Employer. The branch in Bratislava is the biggest in EMEA and has over 500 employees.

Position description:

Would you like to build your career in logistics? This company is giving you a unique chance to join their logistics team to see how big international companies organize their logistics flows and processes. They are EMEA Logistics and Supply chain! - managing warehouses and transportation vendors – being responsible for spare parts distribution - covering Western and Eastern Europe and supporting attached regions.

Qualifications:

- motivated and attentive to details
- this job is very complex and you need to be proactive and communicative to get along well
- experience in Excel and PowerPoint
- English on a very good level, since you will be in touch with colleagues across Europe
- be people friendly and want to communicate with other colleagues and external vendors/partners

Knowledge and skills the trainee can learn during the internship:

You will get the understanding of logistics modes of transportation. The company will show you Logistical networks in Europe and teach you vendor management. You will get the knowledge how to do data analyses and introduction into specifics of PC industry spare parts management. After the internship, you will be able to work independently as Logistics coordinator and you will be able to understand logistical flows of big companies, how they manage the spare parts transportation and warehousing.

Benefits:

- Free accommodation provided;
- Soft skills trainings with internal trainer
- Internal development programs, discounts to gyms, yoga in the workplace, sport teams, creative teams, fitness program, diversity and LGBT employee groups, company events, notebook for personal use, etc.
- Standard support by our team. For more information check our website www.placementslovakia.com

Interested candidates please apply by submitting an online application form at placementslovakia.com

We look forward to hearing from you!
